

# MARCO EQUINOX

## New/Replacement Masks

Contact your local area manager to order: [MARCO.COM/FIND-YOUR-AREA-MANAGER](http://MARCO.COM/FIND-YOUR-AREA-MANAGER) OR CALL 1.800.874.5274

### RED LIGHT

Stimulates production of collagen and elastin—Red light is absorbed by mitochondria and stimulates ATP increasing cellular action, enhancing its activity.

### YELLOW LIGHT

Specific action on the lymphatic system—Yellow light stimulates cells' metabolism promoting a detoxifying action to relieve swelling conditions.

### BLUE LIGHT

Purification action—Blue light is recognized to be the ideal wavelength to solicit porphyrins to obtain a bacteriostatic effect with a consequent elimination of bacteria.
